AAFA Century Group

I am pleased to announce the formation of the AAFA Century Group, which is comprised of all members who donate \$100 or more during a calendar year.

On behalf of all members in the association I'd like to express a special thanks to the 31 individuals who answered our call in a time of need. You'll find their names on page 31. At some point each year our bank balance always seems to get dangerously low. Although our expenses are very reasonable and relatively small considering the quantity of work that gets done, we have never had the financial reserve that a responsible organization of our size ought to maintain. Consider that it has cost about \$800-\$1000 for the printing and mailing of each of the quarterlies, and we've just been informed that printing costs will increase by about \$200 per issue, mainly due to rising paper costs. We need more than our annual dues of \$16 to serve all the members. To maintain and grow an outstanding family organization such as ours, there are also many other incidental day-to-day expenses. (See the Treasurer's Report in this issue.)

Because we value the large number of our members who are retired and on fixed incomes, we have made a commitment to keep our annual dues as low as possible, even in the face of rising costs. Therefore, when we experienced this dangerous reserve last summer, I sent a letter to a relatively small group of members—those who had been present in St. Francisville and in Richmond—asking if they would join me in a "Century Group" we were establishing wherein each group participant would donate at least \$100 during the year.

The results were most rewarding—and not only from a financial standpoint. It is very gratifying to know that 31 different members consider AAFA's goals important enough to contribute \$100 or more (the average was \$134). AAFA board members and officers have had a lot of discussion about how to publicly thank our AAFA donors. Although some donors prefer anonymity, we definitely want to recognize the generosity and commitment of the Century Group members. We are therefore pleased to present the 1995 Century Group, and we thank them on behalf of the entire membership.

Since my initial appeal went to less than 25% of the members, and because I feel sure that there are others who will wish to contribute, I'm now asking one and all to contribute whatever they can. We have many other potential expenditures on the horizon for which we need your support. Just as we value every member, we value every contribution—add a few dollars donation to your renewal fee and we'll be delighted! And if your contribution totals \$100 or more during calendar year 1996, we will heartily welcome you to the 1996 AAFA Century Group! Mail your 1996 donations to Doris Vetri, AAFA Treasurer, 981 Larkspur Place North, Mount Laurel NJ 08054 or send it to AAFA, POB 1586, Florissant MO 63031.

Sincerely yours,
Benjamin F. Alford, Jr., President

Treasurer's Report

We closed out 1995 with a healthy net worth, thanks mainly to the generosity of the Century Group donors. As you can see, donations during the prior three years have been in the \$2000 range; this year, the \$3000+ from the Century Group has raised the donation level to over \$5000. In addition, Sally Stoewer, the manager of the "AAFA store," has done a terrific job of bringing in extra revenue. We will need these extra funds to pay the estimated \$200 per issue in increased printing costs for our quarterly, *AAFA ACTION*.

New Member Lineages

Prepared by Gil Alford with the help of most of the members listed.

Each of the lineages below was sent to the member for review and comment. Appropriate changes and corrections were made on those that were returned. Those for which there was no response are being published as is but are correct to the best of our knowledge.

In coordinating the lineages we observed some disagreement between different members from their branch of the family. To the maximum extent possible these differences should be resolved within the branch and a joint and common position provided to AAFA. The Association has grown too large to attempt to reconcile the differences between family members.

If pedigree numbers do not appear in the first column and "A", "B", "C", etc. or #GGM, etc. have been used instead, it is because the member did not tell us his relationship to the first Alford ancestor. If an entry has little more than "?????" it means the member did not provide AAFA the usual information on ancestors.

The footnote numbers that appear for some records in the

far right column refer to comments at the end of the lineages or in previous issues. (Due to space limitations, we do not repeat comments. Contact the secretary for back issues.) Those with "9" have comments in this issue, while other footnote numbers are in previous quarterlies. See the references at the beginning of this set of endnotes.

It is important to note that the lineages begin with the first Alford ancestor—not always a parent. Surname "Alford" is to be assumed unless "Alvord," "Halford," etc. is shown.

Dates are shown as year, month, day. A "ca" following a date means "circa" or "about." A "?" means we are not sure or don't know. A "<" means before the date and ">" means after the date. "E" or "Est" means estimated. Locations are usually expressed as a state and county abbreviation.

Remember that AAFA is not presenting this as proven factual data. It represents the best we have and is only as good as the data reported by members. In a few rare cases there may be some conclusion reached by the compiler. This data does not come from the same computer file used in the compilation of the branch genealogies. Members are requested to bring differences, errors and omissions to our attention.

757 Paul O. Alford

This lineage is so tentative and speculative that a note at the beginning is considered necessary. If you are interested in these persons then you must read the footnotes. Paul's father died when he was only five years old. All he has been able to determine about his Alford ancestry has been obtained from obituaries, death certificate, and newsclippings.

Bynum was a private in Alexander's Battalion of Riflemen in the War of 1812. (12/95)

CAN839VA

It is not certain that Martha was the name of his second wife. Children by a first wife—name unknown—were William and Sally. Children by the second wife were Noah born about 1888, Alexander, Lee born about 1881, Annabelle born about 1889, and Ella born about 1892. We have found no

trace of him before this date. The 1850 Virginia Census which has been verified and completed lists no Alford named "Cane." Neither does 1860 Virginia. The 1900 Tennessee which is a very preliminary draft listing has no Cane listed. He could have been anywhere under a variety of names, so we continue to search. (1/96)

CEC906MI

Further clarification is required on the place of death. It might have been Oakland County, MI rather than Alabama. (1/96)

CLA859GA02

The late V.V. Driver was source of information. The two wives were sisters. The spelling of the name of this spouse is not clear on the source paper. Her middle name was Ann. In the 1920 census his wife's name appears to be Dallia and she is age 40. A mother-in-law named Nancy Mino is also with the family. It appears he married for a third time between 1910 and 1920. (12/95)

CUL800GA

Marriage also shown as Aug 19 1836 in Jefferson Co.

fra854msh

It is possible that Jackson R. Frazier is buried in the Salem Cemetery, Newport, Attala County, Mississippi. He was the son of Benjamin and Lucy Bailey Frazier. (12/95)

FRE859EN

The 1900 census indicates that Fred was born in August 1860 not 1859. However, when a birth date that includes the day of the month is reported it is considered more likely to be the correct date. [Some verification of sources required.] Both Fred and Emma were born in Cornwall, England, he in Gunnis Lake, Cornwall. He died in Penn Hospital in Norway. According to the 1920 census Fred immigrated to the United States in 1880. His year of naturalization was 1895. It is thought that his two brothers Amos and Charles immigrated either at the same time or near the same time that Fred immigrated. Also, according to the 1920 census Emma Roberts immigrated to the United States in 1865 and her naturalization was 1865. Fred worked for Menominee Mining Company in West Vulcan, MI. He was a surface foreman at the Cyclops Mines in Norway and timekeeper for Vulcan & Curry Mines. He retired

from mining in 1924 and served as postmaster from 1924 until June 30, 1933.

He and Emma had 15 children: 1 Alberta, 2 Alberta (2), 3 Emma, 4 Freddie, 5 Freddie H., 6 Beatrice Maude, 7 Charles Sidney, 8 Lillian Beatrice, 9 Della Mildred, 10 Edwin Earl, 11 Harry, 12 William Henry, 13 Arthur James, 14 Ernest Robert, 15 Cecil Horace. Amos, Fred's brother, lived in either Wisconsin or Minnesota in 1935 and was visited by Cecil Alford and his family. (1/96)

Note the month and day of birth of both persons. One is probably wrong. They came from different sources. (12/95)

HAR912LA

The member in this case is Yvonne McMillan Alford Wall, widow of Harlon, who after Harlon's death, married _____ Walls. AAFA #425 Nolan David Alford is the son of Harlon and Yvonne.

JAC757VA

Marriage might have been on March 4. (9/94)

We have not proved "beyond a doubt" that Jacob was the son of Jim Alford and Lucy Bailey but there is strong circumstantial evidence to support such a position. (12/95)

JAM713VA

The notes on this person represent new and substantially different information than shown in the past. It is important to two branches of the family. Please read all paragraphs.

There is substantial proof that a James Alford, born about this time, did marry Lucy Bailey as shown, in what was then western Virginia. The fact that the Baileys and Alfords

were both in New Kent County, VA and because of the similarity of names used by James and Lucy it is SUSPECTED that the James in Goochland and Louisa Counties, VA is directly related to the Alfords of New Kent County whether or not he was the James born in 1713.

A James seems to have married an Elizabeth Taylor in 1771 and a James seems to have died in 1782 (both referred to as "Ja:" in *THE DOUGLAS REGISTER*). Whether it was the father or the son who accompanied Jacob to Albemarle Co. VA and was not taxed in the 1787 Tax Lists is not known. At least one child resulted from the 1771 marriage (Anna Alford who married John Taylor in 1788 in Albemarle Co.) and possibly more. We also have yet to determine the approximate date of the marriage of James and Lucy—we only know he bought land in Goochland in 1740 and his children were getting married (or had been married because they were having children—and we don't know if it was first or last children?) by 1760. There is evidence of James' presence in the Goochland area from 1740 until one left with Jacob in 1786. After 1787, his whereabouts are unknown.

We need a copy of the marriage record of Anna and John Taylor because it should have required a father's permission, had a security bond from him, or something. This couple (Anna and John) seems to have been in Mercer Co. KY by 1795 at which time their taxes were paid by an Alford (either Jacob or Charles) so her father may have been deceased by that time. Another possible offspring of James and Elizabeth Taylor may be the James Alford who married Elizabeth Rice in Fluvanna Co. VA in 1808. Probable children of this marriage are Eliza Alfred who married George Spruce in 1829 and Charles Alfred

who married Agnes Langford in 1830, both in Albemarle Co. VA. We have the guardian bond for Eliza which (on the same day as her marriage) made her new father-in-law her guardian and also states that her parent was "James Alfred." It says in the preface of this book that it is assumed that the parent listed was deceased, but it is obvious that this was not always the case. We have been unable to find any evidence of this James' presence on census records or tax lists thus far and other than possibility and presence in Albemarle Co. VA, no proof to connect him to the James in the 1787 tax lists. One of the major questions in NC is: HOW MANY "ALFORDS" NAMED JAMES WERE THERE AND HOW WERE THEY RELATED?

For years there has been a strong family tradition in one branch of the family (descendants of Lodwick Alford born 1749 in NC) that he was the son of James Alford born 1713 in Virginia. It had been accepted by AAFA as a possible connection and was recorded that way with qualifications. At the present time all those descendant's lineages in the AAFA computer files still show that link. As the information on the Goochland County family strengthens to the extent that there is little doubt they are the New Kent County family then the connection with Lodwick Alford of North Carolina will be removed and Lodwick born 1749 will become the "Ultimate Alford Ancestor" for that branch. (1/96)

JAM821GA01

First name came from the late V.V. Driver. AAFA marriage list shows that a GEORGE ALFORD married JANE PIPER September 26, 1839 in Troup Co. GA. At least one source shows he died 1864-65. (2/94) But he married in 1866. (12/95)

JAM857AL

He was first enumerated with his family, as Halford, in 1860 Pike County, Alabama with given name of Jas T. He was 3 at the time and his father was William 34 GA and mother Narcissus 21 GA. In 1870 the family was in Walton County, Florida and he may have had a step-mother at this time, "Amanta" 28 GA, probably a corruption of Samantha as was recorded in other censuses. In this census he was listed as Thos. J. but the age, 14, suggests the same person as Jas T. in 1860. In 1880 Holmes County, Florida—where his father's family had moved—Thomas Alford was enumerated with wife, Catherine W. 36 plus daughter Margaret 3 and son William 2. In 1900 Holmes County, Florida, Catherine 52 was enumerated with daughter Margaret L. 22 and son William D. 21.

The big question for AAFA member Paul Alford is did James Thomas Alford and wife Catherine have another son born about 1882 before James apparently died or left the family? If so, was he the Samuel B. Alford who appears in Newton County, TX in 1900–1920?

Samuel's daughter, according to the death certificate, remembered her father to be the son of J.W. Alford and S. Owens. Could S. Owens have been the grandmother Samantha Owens and the Samantha enumerated with Sam's family in Texas in 1910?

JAM889GA

The late V.V. Driver said he stayed in Carroll Co. Driver said Watt, Jephtha and Perry C. were by first wife and all others he listed were by second wife. Ages and birth dates in census suggests another order. The compiler assumes this child and those that came later were by the second wife. (12/95)

JOH801GA

Ron Head says Leanna was surely the daughter of Joshua Roden whose will was probated Aug 12 in Greene Co., AL. Her sons Levi and Theodore were likely named for her brothers of the same name. John was probably kin in some way to Jacob and Abraham Alford of Greene County, AL. Marriage record return not shown in county records. Married with consent of parents. (12/95)

JOH850TN

Jo Muriel Alford Roberts died 19 November 1995 in Houston. See obituary this issue, "In Remembrance of AAFA Members."

JOS816LA

Notes from Howard Alford (blind) say he killed a man (Bill Leggett) and moved away—probably to southwest Louisiana. Spouse's full name was Catherine Euphemia Cook McClendon. (An article entitled "Joseph Alford of Sabine Parish" is planned for a future issue.) Marriage date of 1859 also reported. (12/95)

JOS825SC

It is thought he will be proved as the son of Lodwick Alford and Alsie Snipes but that has not been done yet. Lodwick and his family were prominent in Anderson County, SC and Hart County, GA. (12/95)

MUR903TX

If we have the correct family in 1910

Newton County, Texas, Murry was enumerated as age 7—making his birth 1903. Where was Murray in the 1920 census, not with his family. Son, Paul, has a Report of Death form, #41, from the New York State Department of Health that shows a certificate was filed with the Registrar April 9, 1935. It showed that Murray Alford white male living on Liverpool Road was married to Eleanor Alice Kemp. He was born January 14, 1893 and died April 8, 1935, from an auto accident, at age 42 years 3 months and 24 days. He was a hotel manager and had been in such business for two years and had worked up until his death. He was born in Texas, his father's name was Samuel and he was born in Texas. Mother was Ethel Murray who was born in Oklahoma. His wife, Eleanor A. Alford provided the information for the form. He was buried in Woodlawn, April 11 1935. Undertaker and doctor were identified. There is also a sales slip from the National Casket Company, Inc. showroom. On part of the page are notes that were used to prepare an obituary. They indicate that Murray had been in Syracuse for two years. Identifies Paul Orval Alford as a son, brother Amos of Chicago, and father as Samuel Alford of an illegible town in Texas. It could be Uvalde but that does not fit anything else. There is a note suggesting that one of them had been in U.S. Navy.

It is thought that the 1903 birth as reported in the census is more likely correct considering that (1) if he was born in 1893 then his father should have been born about 1873 or before—yet in three different censuses he showed his birth to be 1879-1882; (2) with a birth in 1893 he would have been 16 years older than his wife though a six year difference sounds better.

NOR923MS

Norman served in the U. S. Army from March 1943 to Jan 1946 at which time he was a staff sergeant.

He is not married.

OWE807 H

Nothing is known of the parents or origin of this Owen Halford. It's been reported that he died before 1870 being thrown by a horse. Nice Jane Gober Halford is said to have died giving birth to Wilson Halford but it is not known when he was born or when she died. Other children were Francis 1854, Mary Elizabeth 1856, George Franklin 1856, Henry about 1860. (12/95)

pan837al

Descendant and AAFA member #765 Joyce Foster has information about a strong family tradition that Pa Ne Ta "Naty" Alford Gregory was Native American, the granddaughter of Tecumseh. She makes it very clear that it is an UNPROVEN theory. Some are bound to take exception to the theory. We want to arrange to get data from Joyce so as to provide information from her direct to the quarterly (her own computer file) because it is (1) too much to retype and (2) there is too much chance of making an error with a middle person. Look for an article about this by Joyce in a future issue. When that file is available the data will replace this narrative in the lineage files—maybe supplemented with notes based on opposing views.

PET823EN

He may have been born in Gunnis Lake, Cornwall, England. He immigrated to the US in 1877 or 88 and worked as a blacksmith in the Walpole Mine owned by the Pewabic Company. He died at the Chapin Hospital in Iron Mountain, Dickinson County, MI. Nothing is known of his wife but his children were: 1 Fred, 2 Mrs. F. Alford Nichols, 3 Mrs. John Alford Davey, 4 Amos, 5 Charles. (12/95)

SAM880MS01

There are some differences of opinion as to when and where he was born. Read on.

Samuel Alford was enumerated in 1900 Newton County, Texas as a boarder. He was born August 1879 in Florida. This information was taken from the Soundex record of the census. The regular census form should be reviewed to see what family he was boarding with and what other persons were present. In 1910 he was still in Newton County, Texas but this time at age 28 suggesting birth in 1882 and again born in Florida. There was no wife but there were two sons—"Murry" 7 TX and "Amous" 5 LA. In the household there was also niece Leona Alford 12 LA and Sermantha Alford 81 GA shown as mother. Maybe her death certificate is available in Texas. The AAFA list of Texas deaths shows a Mrs. Samethey Alford died January 28, 1921 in Jefferson County. Certificate number is 2039. [Information has been passed on to Paul for investigation.] Where was Samantha at the time of the 1920 census? The 1920 census of Texas shows Samuel, age 38 FL, in Newton County. He has wife Mittie 25 Texas, son Amos 16 LA and son Macon seven months TX. Son "Macon" must have been Edgar M. Alford. James and the two daughters must have been by the second wife, Mittie.

Paul, and AAFA, have a copy of Samuel B. Alford's death certificate and 2 obituaries or newspaper reports of his death. A summary of the three would indicate that Samuel was born August 11, 1880 in Gulfport, MS and died June 18, 1952 at age 71 years 10 months and 7 days. (Note that the census of 1900, 1910 and 1920 showed him born in Florida.) He resided at 199 East Lucas Drive in Beaumont, Jefferson County, Texas and he died in Beaumont at Schlesinger's Nursing Home of

Cerebral Hemorrhage and Hypertension which he had suffered with for two years. He had lived in Beaumont for 16 years. He was a widowed white male who had been an engineer for the Sabine Tram Company but at the time of his death he was a gardener for the Country Club Florists. His father's name was J.W. Alford and his mother S. Owens. Information was provided by Mrs. Sybil Starnes, one of his daughters. He was buried at Forest Lawn Memorial Park in Beaumont. Rev. J.M. Sibley, pastor of the Calvary Baptist Church officiated. He was survived by three sons, Amos of Chicago, Edgar M. of Los Angeles and James of Galveston; two daughters Mrs. J.F. Ramey of Rusk and Mrs. Sybil Starnes of Beaumont; and three grandchildren, one being Paul.

The only identification of the name of Samuel's parents came from a daughter. She reported that he was born in Mississippi yet Samuel identified his place of birth as Florida in three different census. There is a possibility that the parent identification is wrong. Based upon the fact that a Samantha Alford was in the household in 1910 Paul wants to consider "remote" possibilities. For comments concerning an alternative person as his father see James Thomas Alford, JAM857AL.

sar853ga

William Rambo is also buried in Oak Valley Cemetery.

SPI816GA

Caroline's middle name was Missouri. It is not certain if her birth date was in June or October—we have conflicting reports. For a very interesting report on the events surrounding the death of Spire, see Robin Alford Sterling's "The Lost Graves" on page 38 in *AAFA ACTION*, September 1990. After Spire's death Caroline married Lawson Slaughter November 1, 1860. In 1900

Chambers County, AL she was listed as widow Caroline Slaughter in the household of her son Spire Warren Alford. (12/95)

WIL818AL

Jane Alford AAFA #550 reports that William was buried in Miller Cemetery in Christiana, TN (no tombstones).

WIL825GA

With help from several descendants we have been fine tuning this basic line of Alfords. The lineage from this William on back in time has been revised. (12/95)

In Coosa County, AL in 1850 there is a William H. Alford 24 GA, Eliza 19 GA, William Lafayette 1 AL, and Mary 1 month AL. In the AAFA list of Georgia marriages there is one between William H. or C. Alford and Eliza Webb in Muscogee County, GA, Feb. 17, 1848. Was it "our" William? Further research needs to be done on the possibility that William was the son of Clinton Alford who was enumerated in 1840 Muscogee County, GA with a son age 10–15.

In 1860 Alabama the family was enumerated as "Halford" in Pike County. There was William 34 GA, Narcissus 21, William L. 11, Indiana 10, Emma 8, Alice B. 6, and Jas T. 3. This suggests that Mary 1850 and Indiana 1860 were the same person—probably named Mary Indiana Alford or Indiana Mary Alford. With such a difference in age and name it appears this is his second wife.

In the 1870 census in Walton County, Florida, is the family of William H. 45 GA, a minister and teacher, with "Amantha" 28 GA. The age between this wife and the one in 1860 suggests it could be the same person. Can the name difference be reconciled or is this a third wife.

Notice though that there is a seven year gap between Thomas J. and Susan. That suggests a third marriage. Children were: William L. 21 AL, Mary 19 AL, Alice 16 AL, Thos J. 14, Susan 7 AL, John I. 4 AL and Henry M. 2 AL. Susan may have been the first child of "Amantha". Jas T. in 1860 and Thomas J. in 1860 appear to be the same person—probably James Thomas or Thomas James. Was William or Thomas J. the father of Samuel B. Alford? Probably not as it appears they both married, remained in Holmes County, FL and were enumerated there in 1880, but there is still a remote possibility. See THO857FL anyway. William's family fits perfectly with the one in 1870 Florida—middle initials and all. It is apparent that William had at least two, maybe three wives over this period.

In the 1880 Florida census Soundex (that lists only those families in which there was a child age 10 or below) we find, in Holmes County, William Alford 54 GA and his wife Samantha 42 GA. Children were Susan 14, John 13 AL, Henry 11 AL, Julius 9 FL, Samantha 6 FL and Sarah 3 FL. Sons William and Thomas were enumerated that year with their own family.

Was the Sermantha Alford, 81 GA who was enumerated with Samuel Alford in 1910 Newton County, Texas this Samantha? There is no Samantha listed in AAFA's 1900 and 1910 unverified Florida census of Alfords.

ZAD787GA

Perrene married William Timmons after the death of Zaddock. The children of Zaddock and Perrene were made the guardians of their uncle Lodwick Alford after the death of both their parents. (12/95) ❖

Projects in the Works

AAFA members around the country are working behind the scenes on projects that will increase our knowledge about "Alfords" and disseminate the information widely.

Dr. Cecil Alford, #751, is managing a research project in Georgia. He is coordinating the efforts of about 20 Georgia members who will visit local libraries to find books containing "Alfords" and submit the copied pages for the Booklist. The immediate object is to obtain all published info about Georgia Alfords. If this project is successful, AAFA hopes to conduct similar library searches in other states.

Many members with electronic mail have been discussing, via e-mail, how our association can put an AAFA home page on the Internet. A few members have extensive knowledge in this area and would like to help—we'll keep you posted on the progress. Eventually we'd like to make AAFA's extensive files available for your personal research on the Net. We also expect that Net surfers with an interest in Alford family history will contact us after they visit our home page. If you haven't jumped in yet, get on line now!

Speaking of the Internet, Robin Sterling, #320, has been finding and submitting massive amounts of data on the Net. After having sent large amounts of information from Alabama, his home state—which we've barely made a dent in printing—he is currently downloading Kentucky deaths, the results of which will be published in *AAFA ACTION*. Robin frequently prowls the Net for Alford data, so as more information becomes available, he will submitting it. (When he's not on the Net, Robin is one of Alicia's best helpers (see next paragraph), and

AAFA #13**

Julius Mosby "Pooley" Alford

THE CLARION-LEDGER
Jackson, MS-Tues., 26 Dec 1995

Pooley Alford, 70, owner of Alford Realty, died of a heart attack Saturday a home. Services are 11:30 a.m. today at J.J. White Presbyterian Church with burial Hollywood Cemetery. Hartman Funeral Home is handling arrangements.

Mr. Alford, a World War II Navy veteran, was a member of Southwest Mississippi Board of Realtors and the state and national boards of Realtors. He was a member of the McComb-Pike County Chamber of Commerce and Economic Development District. He was a member of J.J. White Presbyterian Church.

Survivors include: brothers, J.E. Alford of Metairie, La., Louis Alford of McComb and Warren Alford of Pass Christian.

AAFA NOTE: Several members have sent other news articles about Pooley's

death, and we will prepare an expanded piece on him in the next issue.

Gil Alford wrote the following note to a number of AAFA members who have e-mail addresses:

Elizabeth Hazlip, our AAFA publicist who lives in Hazlehurst, MS, phoned me this morning [December 26] to inform me that she had just read of Pooley's death in the paper.

Anyone who has ever attended an AAFA meeting will remember Pooley, as he has never missed a meeting. He was one of the founders and one of the original three directors on the board of directors. He was the first AAFA Treasurer.

Pooley was a close friend and probably the only member about whom I can say I've been in his house and he has been in mine. We've been out to dinner with him in Mississippi and he has been out to dinner with us in Missouri. As best I can tell there is no one with whom I had been working with longer on our Alford family history effort.

We had talked on the phone just last week and he was actively involved with two projects in behalf of the association. One was to acquire and present a plaque in behalf of the AAFA to Mr. Claude Alford who will celebrate his 98th birthday next month. In the other case he was going to employ, at his expense, a researcher in Indiana to see if he could learn anything about the whereabouts of information collected by a Dr. C.L. Alford from Alford's all over the country in the 1800's. His collection at one time was reported to be over 400 pages.

I'll miss Pooley.—Gil

**Oliver Perry Alford III
1904–1996
AAFA #754**

We have not yet received an obituary for Oliver Perry Alford, but Sally Stoewer of Baton Rouge, LA, received a card with the heading "Ludwig Von Mises Institute" and printed thereon: "A memorial service for O.P. Alford, III, will be held at seven o'clock in the evening, Wednesday, January 17, 1996, at the Auburn University Chapel, College Street and Thach Avenue, Auburn Alabama." She sent the card to Gil Alford, who sent the following message to a number of people via the Internet:

Those of you who were in Decatur will remember Perry Alford from our recent meeting. His sister, Virginia Alford Johnston, and her son were there for the reception Friday evening. I'd corresponded with her some about ten years ago—also corresponded with

Oliver Perry Alford

one of his sisters-in-law. I knew of him because I'd seen references to the chair or scholarship (don't remember which) that was established in his name at Auburn.

Paul Alford, of Decatur, made contact with Mr. Perry, recruited him in AAFA and was pleased when he learned he would come to the meeting. I remember him well. He sat on the front row during the workshop on Friday. And on Sunday we had a real nice visit, one on one.

After the meeting we received the following note from him: "Dear Gil: Thank you for a great meeting and for your kindness to me. It is an honor to be included in such distinguished company. I did not know that there were so many nice people left around, they were very kind to me.... Many thanks and Best Wishes." Under his signature block he typed "Don't Give Up the Ship."

Aren't you glad you had an opportunity to meet this fellow and to leave him with that warm Alford feeling? It gets better with every annual meeting. At our age we never know when a meeting with a "cousin" will be our last one. Don't pass up any chances.

As you will see from the lineage that is in the Fall 1995 issue, Oliver Perry Alford III was born in Baltimore,

MD July 1, 1904. He was the son of Oliver Perry Alford II and Laura Carmichael. We trace his line back to Charles Alford of Garrard County, KY and VA, and we believe they will eventually be proven part of the New Kent County, VA clan.—Gil

Serving as pallbearers will be Bruce Stratton, George Burns, C.P. Loucks, Ray Jennings, John Townley and Dr. Richard Kercheval. In lieu of flowers, please make memorial contributions to the American Red Cross or the Commodore Longfellow Society, P.O. Box 190, Whitewright, Texas 75491.

AAFA NOTE: Jody became AAFA #761 when she joined the association in September, just six weeks before her death. She was the daughter of Raymond Guy Alford and his first wife, Thelma Mildred Farris. The family traces their Alfords back to William Alford, Jr., who married Mary Ellis. William was the son of William Alford who died in Hancock County, GA in 1825. Though some feel that William Sr. was a son of Lodwick, that is a point yet to be proven.

Ramona Alford Darden, AAFA #715, and Jody's half-sister, wrote the following remembrance:

Jo Muriel Alford Roberts, known to her family and friends as "Jody," passed away of a massive stroke in Houston, Texas, on November 19, 1995. She devoted most of her adult life volunteering as a nurse, and in the words of her long time friend and associate of the Longfellow Society, Suity Cureton, the very best. In 1946 she received her nursing certificate from St. Mary's Hospital at Port Arthur, Texas. Her first real test came in 1947 during the Texas City explosion—she was among the first nurse volunteers to arrive and render aide. She gave years of service to the Liberty and Harris County Red Cross emergency disaster relief.

Beginning in 1968 she was on the volunteer staff of 20 American Red Cross national Aquatic Schools as Nurse. It was always known that Jody would not report for work in the morning until she was dressed in the sparkling white of her uniform—even in the lakeside "rough" camps. She always had every hair in place and her makeup was perfect. Once a patient

was turned over to Jody, all present could relax. She knew just what needed to be done and she put everyone present at ease with her professionalism.

Among her most prized awards was the Golden Triangle Award from the Commodore Longfellow Society. The Society was organized in 1951, four years after the death of Wilbert E. Longfellow, with the objective of commemorating and perpetuating the memory of his pioneer in lifesaving, both in the water and on land. The means selected was an organization that would recognize the followers of Longfellow who best epitomize his spirit of service to others and who were dedicated to carrying on the "crusade of saving lives." In 1991, this national organization chose Jose as the only recipient for that year.

Jody, being artistically talented and gifted in design decorating, was called upon by many friends and relatives. She was "Johnny on the spot" with ribbon, scissors, artificial flowers, and all the things it took to make any place come alive with the beauty of her artistry. For many years she decorated the Houston Red Cross Office at Christmas.

For her years of service to the Harris County chapter of the American Red Cross, she received the chapter's Clara Barton Award, the highest award given to a volunteer from a chapter. She was so devoted to training everyone in first aid that she often held classes in her home if she couldn't find another location. Her husband, Bobby, had to step over people and bandages many times when he came home in the evening.

On October 8, 1995, Jody and Bobby celebrated their 48th wedding anniversary. Their marriage was a success because, from the first, they agreed she would not play golf if he would not do yard work, another of her favorite passions.

We are sure that St. Peter is appreciat-

ing, even in this short time, the valuable assistance that Jody has to be offering. She will have all the angels whipped into shape in record time. One caveat to St. Peter, though: Please do not be surprised when Jody is late for one of your meetings. Be assured she will not be there until her halo is just exactly right and each feather in her wings is properly fluffed. However, once there, she will do the work of several people and stick with it until the end.

Manuscript: Key to Finding Wiley Alford's Father

Roberta and Milton Folds, AAFA #49, wrote the following letter to Gil Alford, who thought it was such a wonderful example of excellent research that it should be shared with the membership. We hope it inspires you! (Apologies for the publishing delay.)

November 15, 1994

Dear Gil:

Prior to the Richmond gathering of the Alford Clan, we attended the Fifteenth Anniversary of the Augusta, Georgia Genealogical Society.

One of the excellent presenters gave an overview of the importance of manuscripts in genealogical research. He urged participants to make sure they had exhausted every effort to search out and review manuscripts in libraries, archives, etc. which might have a relationship to family surnames, no matter how remote they might appear on the surface.

Although positive that we had long since done exactly what he recommended, we took his advice and returned to the Georgia Archives to begin our re-review of their manuscript collection. We came up with a "zero" in the Family Files. Turning to the Subject and Geographical files and the first file therein, we found reference to a small collection relating to the Confederate Nursing Home and the involvement of the donor and family with that facility. Mrs. Gertrude Alford Williams was the donor. The only possible reason for this collection to have been under "A" was that nursing home was located in Atlanta. Why not "C" for Confederate? We have now concluded that it was because someone knew that some day there would be someone looking for long lost Alford!

Be that as it may, we hit pay dirt.

Included among the various and sundry lists of information about the nursing home and its patients, was a hand written record Mrs. Williams had included about her Alford ancestors. Her notes stated that her father, Joseph B. Alford, was the son of James and Dorcas Pegg Alford and the grandson of Collin and Phereba Wooten Alford. She then named the brothers of her James, including none other than Wiley, whom she stated ". . . went to East Florida and was never heard from again." Equally important, she further noted that a son of Wiley was buried in the Confederate section of Atlanta's historic Oakland Cemetery. She did not name the son.

Following up on her reference to Wiley's son, we began our search at Oakland where there are more than 48,000 graves, 2500 of which are the remains of Confederate soldiers. Fortunately, 2400 of the latter are known and identified. Again our luck held. The United Daughters of the Confederacy maintains an alphabetical listing of those graves and therein we found three Alford—one from Georgia, one from Kentucky and one from Florida. The one from Florida was "Jasper Alford, Co. H, 6th Florida Regiment, September 26, 1862." We visited the grave sites, took photographs of each marker and will send

them under separate cover.

Your Wiley Alford records will confirm that a son Jasper was listed in the Florida census for both 1850 and 1860. We knew that a Jasper Alford enlisted at Apalachicola, Florida in late 1861, but records indicated that his unit was disbanded within three months or less. There was no further reference to what happened to his unit. Subsequently, we returned to the Florida Archives to review their Confederate records. We found that a Jasper Alford had re-enlisted at Chattahoochee, Florida (less than ten miles from Wiley's farm), in the spring of 1862—Co. H. 6th Florida Regiment. No doubt, Mrs. Williams knew what she was writing about.

The above information was so encouraging that we went back to the Georgia Archives and reviewed the Fayette County records. Collin Alford supposedly died in Fayette County in December, 1835. In their files entitled "appraisals and sales" we came across the estate sale of one Horatio G. Hopkins, July 21, 1829. Purchasers included Collin, James and Wiley Alford. Also, the Fayette County tax digest for 1831 includes Collin, James, Allen and Wiley Alford. Wiley owned no land, only one poll.

This very unlikely, and remote, manuscript collection, the above Fayette County records, and numerous bits and pieces of circumstantial evidence, lead us to conclude that the long search for Roberta's great-great grandfather has ended. We believed all along that Collin was Wiley's father but simply could not find the supporting evidence. We will continue our efforts to trace Wiley from Georgia to Florida.

Sincerely,
Roberta and Milton ❖

Missouri "Alfords"—1850 and Before

By Lynn Davidson Shelley, AAFA V.P. & Sr. Associate for Research, and Gilbert "Gil" K. Alford, Sr. Associate for Alford Family Systems

What we now know as Missouri was part of the Louisiana Purchase in 1803. In 1805 it was part of the Territory of Louisiana and in 1812 it was established as the Missouri Territory. It became the 24th state in 1821. Until 1837 the western boundary of Missouri was pretty much a straight line running north and south. That changed with "The Platte Purchase" March 1837, when by proclamation based on a June 1836 act of Congress, 3168 square miles were added in the northwest corner of the state. This area eventually became the counties of Platte, Buchanan, Andrew, Holt, Nodaway, and Atchison—several home for Alfords. Note that a Halford and Alford were already in the area by 1840.

The Mississippi River marks the eastern boundary of Missouri. The Missouri River traverses the state from St. Louis to Kansas City and then becomes the western boundary for the northern part of the state. These rivers have played a very important role in the growth and development of the state—and our Alfords.

Most of these comments are based on census records, but there is evidence of the presence of some Alfords who were never enumerated in the census.

Pre-1830

The 1820 census for all Missouri counties was lost. However, we have records of a John Alfred who got War of 1812 military bounty land in Howard Co.—it was patented in 1819. Amasa G. Alford died intestate in St. Louis in November 1820. So far we have been unable to learn any more about either

of these earliest Missouri Alfords.

Isaac Alford, having left North Carolina and coming through Williamson Co., Tennessee, was in Boone Co., Missouri at least by 1825–27. They left Missouri between 1827 and 1829 and were enumerated in Pike Co., Illinois in 1830. Isaac's son, Winfield, married 1829 in Perry Co., Illinois and by June 1832 the family was in Austin Co., Texas. The rest of his family seems to have returned to Missouri, but by 1838 had also arrived in Texas.

1830

The Missouri censuses of 1830 and 1840 have not been verified by the AAFA Census Project team and therefore has not yet been published. The comments below pertaining to "Alfords" in 1830 and 1840 censuses are based on a copy of a preliminary draft extract of the census, supplemented with information in various Alford genealogies compiled by AAFA as well as assorted documents and records.

Cooper County

Est. in 1818 from Howard County

Jesse Halford (Hallford) was in Cooper Co., which at that time covered the area that was to become Morgan Co. by time of 1840 census. Jesse was taxed in Cooper Co. before 1825. Over the coming years we will find Jesse or his family moving over much of Missouri. Jesse was born 1781 in North Carolina and he married Rebecca Powell. His children included James Powell Halford, John Harrison Halford and William C. Halford (see 1840).

New Madrid County

Est. in 1812 as an original county

Brothers George G. Alford and Ethan

Allen Alford (Allyn in census) were sons of George and Betsy Hulbert Alford of the northern branch of the family. They were in New Madrid before 1825. Allen was on a Grand Jury there in 1825. They were in New Madrid Co. in 1830, which at that time covered all of the bootheel and about half of what was to become Stoddard Co. George later went to Texas and became the Quartermaster General for Sam Houston. His likeness is depicted in a painting of Mexico's surrender to Sam Houston in the rotunda of the Texas State Capital. His son George F. Alford became very prominent in Texas. It is thought that Allen died shortly after the 1830 census. (See New Madrid Co. in 1850.)

He never appeared in a census, but Alonzo Alfred or Alford was taxed in Lincoln Co., Missouri in 1834. He had been in Pike Co., Illinois with Isaac in 1830. There is no known evidence of his presence in Missouri after 1834. John Alfred was on a delinquent tax list in Ripley Co., Missouri in 1834 and 1837. Nothing more is known about him and his whereabouts at this time.

1840

Morgan & Platte Counties

Morgan County was established in 1833 from Cooper County
Platte County was established in 1838 from the Platte Purchase

Jesse Halford was in Morgan Co. in 1840—remember that Cooper Co. covered Morgan in 1830. Two of his sons and their families were further up north and in a county on the Missouri River—Platte Co. They were James P. and John H. Halford. Another son, William C., and his wife were in Morgan Co. near Jesse. These folks were probably Baptists and did not own any slaves.

Where Missouri "Alfords" Lived, 1819–1840

Cross-hatched areas not in counties.

1825

1830

1840

"Alfords" living in Buchanan, Platte, Lewis,

and Morgan Counties.

Cross-hatched areas not in counties.

New Madrid County

(see above)

The only Alford left in New Madrid Co. in 1840 was an apparent widow, Victoria Alford, and four children. It is thought that she was the wife of Ethan Allen Alford.

Cape Girardeau County

Est. in 1812 as an original county

A new and prominent branch of the Alford family appears in 1840—sons of Jacob Alford and Nancy Hunter of Virginia and Kentucky. One son, William C. Alford, shows up here this year. He married Catherine Bast and died in Cape before Nov 9, 1847.

Pike County

Est. in 1818 from St. Charles County

Payton Alford, William's older brother who married Lucy Haley, lived in Ralls and Pike counties at one time or another. According to statements made later by Payton's son, Thompson, the family came to Pike Co. in 1837. It is possible that Payton and his brother, William Alford, came to Missouri together with William remaining in Cape Girardeau Co.—he was there by 1836—while Payton went further up the river to Pike Co.

Buchanan County

Est. in 1838 from the Platte Purchase

Here we are introduced to another prominent branch of the family in Missouri. Listed in the census is a "Laudey Alfort," almost certainly "Landy" Alford—full name Stephen Landers Alford. Landy, a descendant of the John Alford whose will was dated 1748 in Frederick Co., VA, was born about 1803; he married Sarah Duke who was born about 1812, and they had five daughters and no sons before 1840. A son, Charles, was born in Missouri in 1844 before the family left for California where they were

enumerated in 1850.

Jefferson County

Est. in 1818 from St. Louis and Ste. Genevieve Counties

Johnson H. Alford was enumerated here in 1840. This is Col. J.H. Alford, the younger brother of George G. and Ethan Allen of New Madrid Co. He married Adaline Bates Lewis, widow of Samuel W. Lewis, in 1832. He died about 1849 [see also 1850 Jefferson Co..

Lewis County

Est. in 1833 from Marion County

There is a John C. Alfred, born about 1815 (+ or - 5 years) with wife about the same age, and a daughter under five. It's not proven yet, but there is a good possibility that this family was from Monroe Co., VA/WV. We have several published references to Alford's in Lewis Co. before 1840, but more work is required before we can draw any conclusions.

St. Louis

St. Louis City was created in 1764. The city existed almost 50 years before the county was created, and then it became part of the county. In 1876 it withdrew from the county and has been an independent city ever since. St. Louis Co. was established in 1812 as an original county.

There was a "Planean" Alford [likely to be corrupted spelling] with wife and daughter present here in 1840. A notation shows that he was employed in navigation of canals, lakes and rivers. He may be the same person as the one shown as P. Teney in 1850—see below.

1840–1850

We have established the presence of the family of Thomas Alford, born 1802 in Wythe Co., Virginia, even

before 1840. The family had come via Claiborne Co., Tennessee. Marriages in the family from 1840 to 1850 prove their presence during that time but by the mid 1850's the family was on its way across the plains headed for Oregon.

In 1844 James P. and John H. Halford or Hallford were among a family/church group who left Platte Co., Missouri and went to Texas. They went to what is now known as Denton Co., Texas, but at that time the area was called Hallford Prairie. John H. returned to Missouri in 1845 to escort another group to Texas. This area of Texas was then Robertson Co., and they were the first group of Baptists to establish themselves in that area. John was enumerated in 1850 in Moniteau Co. (see below), while James P. was in Navarro Co., Texas. By 1860 they were both in Texas, but their parents, Jesse and Rebecca, lived out their lives in Moniteau Co. (see below).

1850

An article in this issue of *AAFA ACTION*, "'Alford's' in the 1850 Missouri Census," is a complete listing of all the "Alford's" in that census. The comments below should be read in conjunction with the census listing.

There were several "isolated Alford's" in 1850 whom we cannot identify. We hope to eventually know more about some of them.

Buchanan County—Ellen Halford born about 1834 in England

Caldwell County—Eva Alvert born about 1787 in Germany

Clinton County—James Halford born about 1793 in Vermont

Schuyler County—George Alfrey born about 1823 in Kentucky with wife Elizabeth and two young children. The AAFA marriage list

indicates a George Olphra married Elizabeth Foster Oct 27, 1847 in Schuyler Co. [This is probably not an Alford spelling variation, but it is listed here as a possibility.]

Cooper County

(see above)

Patsey Alfred is enumerated with four Alfred children born in Missouri from 1840 to 1848 and a Charlotte Martin age 10. Patsey is surely the Martha N. Martin who married William C. Halford, March 31, 1839 in Cooper Co. Note that William was living with wife and family in Morgan Co. in 1840. He apparently married widow Martin who brought a daughter or niece, Charlotte, to the family. William died intestate July 25, 1849.

Holt County

Est. in 1841 from the Platte Purchase

We have another prominent branch of the family in Missouri now, descendants of a fellow we call "Irish John" Alford, whom we found in the Shenandoah Valley of Virginia before the Revolution.

James Alford was enumerated as James Olfred. He was with his wife Margaret [Margaret Carlisle] and four children, all born in Virginia [see also 1860 Holt Co.].

John Alford, son of James, with wife Sarah [Sarah Ann Jasper] were enumerated nearby with daughter Rhoda [shown in the census as son Rodney].

Also in Holt Co., in the same district, was a six-year-old Isaac Olfrey born in Missouri. He was enumerated with Isaac Martin of Ohio and his wife Mary of Pennsylvania. In the family were three children born in Ohio; and two Martin children born in Missouri. This appears to be the second marriage for Isaac and Mary. We have more work to do to "unravel" young Isaac

Olfrey. Since there were two Alford families in the county that year listed as "Olfred," it seems possible that Isaac Olfrey was an Alford also.

Jefferson County

(see above)

There are two households with Alford here this year. First is widow Adaline Alford and her children Shenanda and Louis. She was the widow of Col. Johnson H. Alford [see also 1840 Jefferson Co.].

The other "Alford" is William C. Alvord, born about 1846 in Missouri. He is enumerated with James McColloch of Missouri and Amanda M.F. McColloch of Kentucky. The AAFA marriage list shows us that Amanda Alvoid married James McColloch May 17, 1849 in Jefferson Co. When we look further in the marriage list, we see that William B. Alvord married Amanda M.F. Lee, July 20, 1845 in Jefferson Co. Looking at the next entry we see that William C. Alvoid married Mary Luciana Gamble, Dec 15, 1868 in Jefferson Co. There are too many William B. Alvords connected with St. Louis (adjacent to Jefferson Co.) in this period mentioned in the 1908 Alvord book for there not to be a connection [see also 1860 Jefferson Co.]. We will continue to search.

Lafayette County

Est. 1820 from Cooper County

The two families here are ancestors of AAFA members. John and Thomas, brothers, were sons of James Alford and Nancy Hines of Monroe Co., VA.

John A. Alford was a well-to-do brick mason in 1850. He died in Lexington, MO, Dec 5, 1886. His wife Mary died Apr 27, 1894.

Thomas Alford, a plasterer, died in Lexington Apr 17, 1890. His wife Malinda Miller Fife died Aug 16,

1889. Also enumerated with this family is John Fife, no doubt Malinda's father.

Lewis County

(see above)

Nancy Alford with two children is enumerated with David and Susan Smith. There is nothing to support such an idea at this time, but it is felt that Nancy was probably an Alford widow, a sister of David Smith with whom she is enumerated. There is a possibility that Nancy was a daughter-in-law of Payton or William Alford of Kentucky.

Sidney Alford is Sidney Ewing Alford, the widow of John Alford of Monroe Co., VA/WV. John Alford, who died 1834 in Virginia, was the son of Joseph and Jenny/Jane Alford. Lois Alford married John Ewing Dec 26, 1841 in Lewis Co. Jane Alford, Sidney's mother-in-law, and much of the family apparently moved from Virginia to Missouri with the Ewings and were enumerated with them in 1840—there is evidence they were in Missouri at least as early as 1838.

Moniteau County

Est. in 1845 from Cole and Morgan Cos.

Jesse Halford, probably the progenitor of most of the Missouri Halfords, was the son of John Halford and Nancy Dalton of Rutherford Co., NC.

John Halford was John Harrison Halford, son of the above Jesse. His wife was Melissa Medlin.

Jesse R. Halford was Jesse Richard Halford, also a son of the Jesse above. He is enumerated with his wife Hester, who was Hester Ann Cole.

Montgomery County

Est. 1818 from St. Charles County.

Samuel G. Alfroy is enumerated in Montgomery Co. in the 1860 census under the surname "Olfrey"—probably

not an "Alford" since the other spelling is consistent and no other known Alford was in the county.

New Madrid County

(see above)

There are five households in the county this year with Alford's, though none of them are headed by an Alford. See also the New Madrid Co. in 1830 and 1840 above. See also close kin in Jefferson Co.—Johnson H. Alford.

Albert and Emma, both born in Texas, are enumerated with John H. and Sarah C. Walker. These were children of George G. Alford and his second wife, Ann Barfield, who both died 1847 in Texas. [See notes under 1830 New Madrid Co. and biography of George G. Alford in *History of Houston County, Texas 1687–1979*, summarized on Booklist published in *AAFA ACTION* Winter 1994, p. 55. This book also includes a biography of George G.'s son, George F. Alford (see below), and information on other descendants.] Their minor children all returned to Missouri to be raised by kin. Albert Nelson Alford later moved to Texas and married twice. Emma Alford married Mark Toney.

Hulbert, M.D., and Ann, all born in Missouri, are enumerated with H.D. Maulsby and his wife and family. It is thought that these are three more children of George G. Alford. Although the census shows M.D. as a male, M.D. was Mary Barfield Alford.

George F. Alford is enumerated with Louis A. and Virginia Waters. George Frederick Alford, son of George G. Alford, moved to Texas and became very prominent. He married Annie Marie Maulsby.

Harriet Alford is enumerated with L.D. and Iris Lefesney. Harriet married John B. Pasquet July 18, 1850. He had previously married Amanda Alford in New Madrid on May 17, 1849. Harriet

and Amanda were sisters, daughters of the late Ethan Allen Alford and Victoria ____.

George Alford is enumerated with the Jonathan Till family. George was also a son of Ethan Allen Alford and Victoria ____ [see also in 1860].

Pike County

(see above)

Lucy Alford is enumerated with three Alford children and George and Maria Payne. Lucy was the widow of Payton Alford—see Pike Co. in 1840. Maria Payne was Maria Alford Payne, a daughter who married George Payne August 9, 1849 in Pike Co.

James Alford and Clarinda are enumerated in the household of John R. and Elizabeth James. He was a son of Payton Alford. It is thought that he first married Nancy Woodruff in Garrard Co., KY.

Ralls County

Est. in 1820 from Pike County.

Catherine Alford, enumerated with Catherine Smith and young Smiths, was Catherine Bast, widow of William Alford. Catherine Smith was Catherine Mariah E. Alford Smith who married Addison Smith Feb 26, 1839 in Cape Girardeau Co., MO. Members of this family were in Dallas Co., TX by 1860.

James H. Alford and Elizabeth J. are James Henry Alford and probably Elizabeth Jane Evans. He was the son of William Alford and Catherine Bast, and they also went to Dallas Co., Texas by 1860.

John Alford was a son of Payton Alford. He married Cassandra Aldridge. Mary King, an aunt in the household, was Polly Alford, daughter of Jacob Alford and Nancy Hunter, who married Russell King Oct 7, 1881

in Garrard Co., KY.

St. Louis County and City

(see above)

St. Louis has long been recognized as a traffic hub and one of the major crossroads of America. The Alford's demonstrated that in 1850 by having representation from the three main transportation modes—water, land (stage), and rail. St. Louis was the home of the Mr. Alford who was the conductor on the train involved in "The Great Train Robbery" and his cool demeanor when facing Jesse James was credited with saving many lives. [See *AAFA ACTION* articles, "Jesse James Meets Conductor Alford" in June 1989, p. 12, and "Jesse James News," March 1990, p. 13.]

As a crossroads it is probable that many of the folks enumerated in St. Louis in any one year were transients. None of those listed have been found in 1860 St. Louis. We know nothing about these "Alford's," other than that there is some thought that P. Teney Alford, river boat pilot, is the same person as the "Planean" enumerated in St. Louis in 1840. ❖

Alicia Houston's Census Project Team is pumping out completed "Grade A" census reports faster than we can publish them! You can expect to see a census in each issue for quite some time. Alicia still needs help with Step 1 for some censuses: obtaining the index listing. She needs indexes for the following states for the inclusive years 1870–1920: AK, CT, ID, IL, ME, MA, MI, NH, NJ, RI, and WI. Indexes for many other years are missing for many other states. Help!! If you have access to census indexes at your library or National Archives, contact Alicia (see page 27 for her address). ❖

“Alfords” in the 1850 Missouri Census

Prepared by Alicia Houston and the Census Project Team

This publication is the product of the efforts by the AAFA census team. An initial list of names to be extracted was pulled from the published census indexes and, in some cases, supplemented by unindexed entries. The every name extraction was performed using the microfilm as a source by one or more persons and the results reviewed and checked by the team leader. The resulting product was then sent to other team members who revisited the microfilm and verified the data for completeness and accuracy. The results of that review were processed and reviewed again by the team leader. AAFA wishes to acknowledge the efforts of Susan Laubengayer, Lynn Shelley, and Margaret Windham in the preparation of this publication.

The resulting publication is not intended to reflect either the “true” facts or what descendant families believe to be the facts. It is also not guaranteed to be without error. Nevertheless, every attempt has been made to provide a complete and faithful representation of the information recorded on the

original enumeration forms.

The categories on each line appear in the following order: First name, Last name, Sex, Age, Birth Place, MSW/Color, Occupation, Property Value. Under column MSW/Color there may be any one of four entries:

M = married within the year

S = attended school within the year

W = can't read or write.

B = Black (Color is assumed to be white unless shown otherwise.)

The order of the information on the line following the county name is the name of the Enumeration District in all capital letters (township, district, post office, etc.), followed by the enumeration date.

Internet Addresses

In the last issue we published a list of AAFA members with their Internet addresses. Rather than using an entire page in the quarterly for this information, we encourage you to obtain the addresses via e-mail from Cecil Alford: cecil.alford@cerl.gatech.edu. As soon as you get an e-mail address, send Cecil a message and he'll send you a current list of members' addresses. If your address changes, let Cecil know so he can keep the list updated.

“Alfords” in Louisiana SS Decedent File

By Gil Alford, Senior Associate for Alford Family Systems

The “Alfords” on the list below are from the Louisiana Social Security Decedent File. The subject may have been born, registered for Social Security, or died in Louisiana.

You can request a copy of a deceased person’s original Social Security Application (SS-5) by writing to the address below. Include the information given for the deceased and \$7. (The fee is \$16.50 if the Social Security number is not known.)

SSA, Office of Public Affairs
Freedom of Information Staff
4-C-10 Annex Building
6401 Security Boulevard
Baltimore, MD 21235

The latest death dates shown in the SS file are 1991 but there are only about 20 in that year—2 in Louisiana. Generally, the deaths are from 1941 (although the program began in 1934) through 1990. Until recently many people were not in the Social Security system. For example, self-employed persons, including farmers, were excluded for years. Military and federal civil service personnel were not in it until the 1980’s. (I retired in 1981 and was never under SS except as a kid before going into service in WW II.) We

also know of people who were in SS and who have died but are not listed. We also know of a few cases in which there are errors. As with most data, researchers must take this information as a clue about where to go for further evidence.

In previous issues we have published the Social Security Decedent lists for Virginia and West Virginia (Summer 94) and Mississippi (June 1991 and Sept 1991). We will be publishing the lists for Alabama, Missouri, and California in the near future, with the remaining states to follow. If you have an urgent need for another state’s Alford list from the Social Security Decedent file, contact AAFA.

The SS numbers used for Louisiana are 433–439. Those on Rail Road Retirement had SS numbers 700-728.

EXPLANATION OF HEADINGS

“Born or Registered” is the date and state where the decedent was either born or where he registered with SS.

“Died” is the date and state of death.

“Zip 1” is where the Social Security benefits were last mailed during the person’s life.

“City”, if any, is based on Zip 1 and is not found in the Decedent File. AAFA added this information.

“Zip 2” (in parentheses) is where the death benefits were mailed, indicated only if different from Zip 1.

“RR” if used instead of a state means the person was on RailRoad Pension.

Booklist Additions

The Booklist is a compilation of references to Alford's (and spelling variations) contained in books and some periodicals. Not every library has every book that contains information about Alford's. If we all work together to extract Alford data from books located across the country and centralize this information, more data is available to more Alford researchers.

Entries are organized by state and county.

Each entry lists the book name and publication data followed by the name in bold print of every Alford listed on the pages that AAFA has. The page number where the name is found is listed next followed by a brief description (and sometimes the complete listing) of what information about the person is contained on the page.

Census indexes and cemetery lists are generally not included on this list. These will be handled by their respective AAFA committees. You may send copies from such books and we will pass them on to the committees.

AAFA has the pages listed. To obtain copies that interest you, write to AAFA Librarian Nancy Dietrich, P.O. Box 1838, Westport, WA 98595. If you would like a copy of the complete Booklist (about 90 pages), contact AAFA. If you'd like to contribute to the Booklist, xeroxed pages from books may be sent to AAFA. Don't forget the title page, pertinent introductions and other interpretative material, index pages showing Alford's and variations, and any other pages you think will help understand the contents. Be sure to check for the spelling variations of ALFRED, ALLFORD, ALVORD, HALFORD, OLFORD, etc.

Thanks to V.P. Lynn Shelley for contributing massive amounts of material for the Booklist, and thanks to Jare Pearingen for typing this issue's additions.

THE ISLANDER

St. Simons Island, GA—26 Dec 1994

Christmas is still a very big time for Bob and Betty McGugan

of St. Simons Island.

Among their many festive holiday decorations is one so special that Mrs. McGugan has already decided it will be passed on to her granddaughter.

Its called "Snow Village" and that's just what it is, a small village of collectibles that you buy as the fancy strikes you and set up to suit your own taste.

The McGugans started in 1987 with just one farm house as a small decoration under the Christmas tree. It now takes up most of their sun room and takes two days to set up and take down which they do together. As a matter of fact Betty said Bob enjoys it as much as she does and it has become a family tradition.

Their Snow Village is now made up of 55 buildings including houses, churches (eventually one for every denomination), a library, Courthouse, airport, windmills, (both dutch and farm), a restaurant-Dinah's Drive-In and

new for this year a fishing lodge with cabins and lake. Snow Village also includes accessories like people, cars, street lights, etc.

The manufacturer, Dept. 56, also makes a 'Dickens Village' but Betty said she preferred Snow Village because it was reminiscent of the time when she grew up. She also said it reminds her husband of Cordele, Georgia where he grew up.

The McGugan's have bought pieces for their village in Atlanta where they lived for 14 years, in Jacksonville and here on St. Simons.

Betty lived in Glynn County when she was young and graduated from Glynn Academy. After moving to Jacksonville and meeting Bob they returned to St. Simons for their wedding. She worked for the *Fla. Times Union* until Bob's job with Colgate Palmolive took them to Atlanta.

As many do, they returned to St. Simons upon retirement.

[See related article in *AAFA ACTION* Fall 1993, p. 8. In article dated 12 Sept 1992, Steve Creasman was suspected of being involved in deaths of his wife and two girlfriends. Sarah Alford is the mother of one of the girlfriends, Twyla Mickey.]

.... Sarah Alford doesn't know when her daughter, Twyla Mickey, met Steve, but she thinks she

knows why Twyla fell for him.

"She just felt sorry for him. This poor guy caring for three children, their mothers dead," said Mrs. Alford. "She told me from the beginning, 'Mother, you've got to remember, I've got four boys.'"

Mrs. Alford didn't really like Steve and says she let her daughter know.

"I felt like she didn't know him either," Mrs. Alford said.

Twyla had been living with Steve at his home on Pine Circle in Marietta. On Nov. 30, 1989, she called her parents and left a message on their answering machine, asking them to pick up her own son, Sammy.

"I've got to get away from here," Twyla said on the recording, her mother recalled. Mrs. Alford, frightened, retrieved her grandson, who was being cared for by Mr. Creasman's mother.

Mr. Creasman's oldest son, a beautiful blond boy, pressed a noted into Mrs. Alford's hand, begging, "Please take me with you now."

She hasn't heard from her daughter since.

Twyla's 1982 Toyota Tercel, abandoned in Atlanta, was impounded and destroyed before her family reported her missing, Lieutenant [M.A.] Starnes said, meaning that any evidence the car might have contained was lost with the vehicle.

Twyla's disappearance has been especially hard on Sammy, now 9.

"If you could know the times I've held Sammy when he cried for his mother," Mrs. Alford says. "How do you explain something like this to a little boy? I don't understand it myself; how do I expect him to understand?"....

KANSAS CITY STAR
Kansas City, KS—26 December 1994

Two persons died and eight were injured within minutes Monday when slick roads and foggy conditions about 8 a.m. caused accidents on Interstate 35 near Olathe.

Sherry L. Alford, 31, and Michael J. Anderson, 34, both of Wichita, died in a head-on collision after their car crossed the median into oncoming traffic. Neither was wearing a seat belt, according to the Kansas Highway Patrol....

Police said the Wichita residents lost control of their car in the north-bound lane about 8 am. The car slid across the median strip and struck the other vehicle.

Several minutes later, a south-bound car slid on the icy pavement and struck a parked vehicle on the shoulder of the highway. The driver of that vehicle had stopped to help victims in the first accident.

**Crash victim was witness in probe of killings
Foul play is not suspected in mishap blamed on the weather**

A woman killed this week in a car accident on Interstate 35 near 175th Street was a key witness in a double

homicide case that Wichita police are investigating.

Sherry L. Alford, 30, of Wichita, died after the 8 a.m. Monday accident near Gardner. Michael J. Anderson, 34, of Wichita, also was killed in the accident, which apparently was caused by slick roads and foggy conditions.

Alford was working with Wichita police to solve an apparent attempted robbery April 12 at a northeast Wichita home.

Police said four masked men forced their way into the house, threatened persons in the home and then opened fire with rifles and handguns.

Cavin E. Williams, 27, and Danell J. Magness, 25, both of Wichita, died in the attack, while Alford suffered serious thigh and abdomen wounds. Ronnie McFann, 25, who lived at the house, suffered a minor arm wound.

Investigators said robbery was the apparent motive, but they weren't sure whether anything was taken or what the robbers were after.

West said Alford was awaiting trial on an unrelated charge of possession of cocaine.

Police have made no arrests in the double homicide, but said they have several solid leads.

Wichita police Capt. Ron West said Alford's death dealt a small blow to the investigation.

"We'd already interviewed her and had her statement," West said Friday. "But when a victim or a witness is lost, it always has an impact."

West said police heard of Alford's death the day it happened through news outlets and immediately checked into it. He said police had no reason to believe the wreck was anything but an accident.

The Kansas Highway Patrol said Alford and Anderson lost control of their car in the north-bound lane of I-35 and the car slid across the median strip into another vehicle.

The wreck was one of several accidents that occurred within minutes

along a section of south-bound I-35. In all, eight persons were injured.

The Rev. Harold Bennett Alford, Jr., was ordained to the Sacred Order

of the priesthood in an evening service on January 4 at St. Paul's, New Orleans. Bishop Brown officiated at the ordination for Bishop Folwell of the Diocese of Central Florida where Alford was ordained deacon last year.

The wardens of St. Paul's and the rector, the Rev. Ted Petterson, presented Alford to the bishop for ordination. The Rev. Robert Dodwell served as master of ceremonies.

.... Many members of the parish participated in the service as ushers, readers, and choristers. Alford's wife, son, and mother were the oblation bearers. In red stoles, many of the diocesan clergy were present for the joyous occasion including Deacons Garma and Allen, who took part in the Eucharist, as well as the Rev. William Morris, who was litanist.

Following the service, a gala reception was held in the parish hall for the Alford family with many well-wishers in attendance. Alford has been at St. Paul's for a year as deacon and is the assistant to the rector. Bishop Brown has requested Alford's official transfer to this diocese.

STORY OF BOOTH FLIGHT**

Terry L. Alford, professor of history at Northern Virginia Community College's Annandale campus, is

scheduled to testify today in the trial of the century—the 19th-century, that is.

Alford, who served as a consultant to Time-Life Books for its Civil War series and has spoken on numerous occasions at Ford's Theater in Washington, D.C. on Abraham Lincoln's assassination, will testify Thursday against a group seeking to exhume the body of John Wilkes Booth, Lincoln's assassin.

The group, which includes Booth's great-great-great niece, believes Booth was not killed by federal troops in 1865, as history has recorded, but escaped and lived in the West under the name David George until 1903.

Alford, who is writing a biography of Booth, believes otherwise. "There isn't any good evidence to support digging up the body. It would just be to satisfy curiosity and that's not good enough," he said.

Booth shot Lincoln at Ford's Theater on April 14, 1865. He fled and was at large until he was killed 12 days later at a farm in southern

Missouri "Alford" Marriages

Prepared by Gil Alford, Senior Associate for Alford Family Systems

The following are all of the Missouri marriages currently on file in the AAFA computer master data record. They come from a variety of sources—not all first quality primary sources—so use them only as a clue about where to search for a marriage record. Errors and omissions are probable, and we need help to correct the data and to expand it. There are two cases of duplicate couples but with vastly different dates and from different sources. See the "*" at left of name.

We do have references cited for many of these marriages; most are published marriage books done by county genealogical societies, etc., lists we purchased from SQS or the LDS-IGI. If a reader wants reference information, write to AAFA with the request.

Much of the data listed below was collected and reported by Lynn Davidson Shelley, AAFA #484, AAFA VP and Senior Associate for Research; most of the computer input was done by Kim Savage, AAFA #258, Associate for Illinois research and computer input.

William Brewster Alvord of CT, NY, OH, and MO

By Gil Alford, Senior Associate

One of the entries on the list of Missouri "Alford" Marriages (previous article) is Margaret Ann Alvord and George Franklin Collom. There are two entries in the LDS-IGI for the same date and place. One is for Maggie and the other is for Margaret Ann. George's name has "Franklin" in only one of the records and his last name is spelled COLLOM in one and COLLON in the other.

In order to clear up these discrepancies, I decided to see if Margaret Ann appeared in *A Genealogy of the Descendants of Alexander Alvord, An Early Settler of Windsor, Conn., and Northampton, Mass.*, by Samuel Morgan Alvord (Webster, NY: 1908). (AAFA ACTION began reprinting this book in installments some time ago, and we will be continuing that effort beginning with the next issue.)

The book states that Margaret Ann

Alvord, daughter of William Brewster Alvord, was born in Cincinnati in 1842 and married in St. Louis, MO, in 1866 to George Franklin Collom, son of Jesse Collom. He was born in Philadelphia and died in Chicago. All nine of their children were born in Philadelphia.

William Brewster Alvord, was born in Connecticut, married in New York, began his family in Ohio, and died in Missouri. After his marriage in 1827 he worked for two years as a clerk and bookkeeper in a forwarding house in Albany, NY. In 1829 he moved his family to Cincinnati and after ten years went into partnership with a fellow in the pork packing business under the name of "Pugh and Alvord."

The business prospered in spite of two very disastrous fires, the first occurring in 1842 and the second in 1845, in which eleven men lost their lives. Mr. Alvord himself was seriously injured. In 1853 he gave up his business in Cincinnati and moved to Milwaukee, WI, where he con-

ducted a grain elevator for six years. Here again Mr. Alvord suffered loss from fire, his elevator burning in 1857. Two years later he moved to St. Louis, MO, which continued to be his home until his death. He lived with his son Brewster Clark Alvord after the death of his wife. "Mr. Alvord was an elder in the Baptist Church, a man of fine conversational powers, of a social and cheerful disposition and a great favorite with children." In 1883 he wrote his recollections of the family history, running back over a period of nearly eighty years, which was placed at the disposal of Samuel Morgan Alvord by Mrs. A.H. Sears of Albion, NY.

AAFA would like to obtain a copy of the manuscript written by William Brewster Alvord. Perhaps a member with access to the National Union Catalog of Manuscripts could check that bibliography and let AAFA know the results.

If anyone has further information about this family, AAFA would like to obtain it. ❖

Texas Alford Confederate Pension Requests

By Robin Sterling, AAFA #320

I have extracted the Alford's from a list of more than 54,000 who made application for a Confederate pension from Texas. Descendants can write to Texas and refer to the name and Pension Number for a copy of the file.

This information was downloaded from the Internet. To access, start from the address:

<http://www.cwc.lsu.edu/links/links1.htm>

After the page comes up, select the link: "Search the Texas Confederate Pension Applications."

These are the results of a search on the surname "Alford." I checked the variations Hallford, Allford, and Alvord and found no records.

Note: If no Pension Number appears after the Husband's name, no Pension Number was found.

(Alfords in the News, cont. from p. 51)

Virginia. The government kept Booth's body until 1869, when they returned his remains to his mother, who buried him in the family plot in Green Mount Cemetery in Baltimore.

William Trimble, a Baltimore attorney and president of Green Mount's board of directors, said the effort to exhume Booth fails to meet the necessary legal test. "There has to be a valid, substantial reason. This is being done 130 years later by a person related [to Booth] in the sixth degree," Trimble said.

"The question is who really speaks for John Wilkes Booth. Well, it's his mother. She no longer speaks, but her actions speak to us down through the ages," Trimble said.

Alford described Booth as a "very, very successful actor." Ironically, Lincoln saw Booth perform on several occasions in 1863, Alford said. Booth did not fight in the Civil War, a decision Alford said "was the biggest mistake he ever made. He had very intense [pro-Southern] beliefs and service in the war could have provided him some sort of outlet."

According to Alford, the man federal troops killed in April, 1865, had "J.W.B." tattooed on his arm and was carrying Booth's diary and personal letters. "That's a problem for conspiracy buffs," Alford said.

Trimble said Alford and other historians are testifying to protect the integrity of history. "They're concerned that bad history not drive out good history. That the truth prevail," he said.

Alford received a PhD. in history from Mississippi State University. An earlier book of his, "Prince Among Slaves," about an African prince who was held as a slave in Mississippi, was published by Oxford University Press. ♦

Part 23: Josiah Alford's Alford Family Notes

From Josiah George Alford's *Alford Family Notes Ancient and Modern* (London: 1908), pp. 186–195. Part 22 appeared in *AAFA ACTION*, Fall 1994, p. 17.

Editor's note: The quotations in the excerpt below are unannotated in the original text but are no doubt from the sources the author cites in the first paragraph. The author used four periods as ellipsis marks, which we have duplicated here, along with all other original spelling and punctuation.

THE ALFORDS OF THE UNITED STATES OF AMERICA

The following particulars concerning this important offshoot of the Alford family has been drawn by compiler from a variety of sources. Savage's *Genealogical Dictionary of New England* contains information which was incorporated in the *Burke and Alvord Memorial* (1851) in the Public Library at Boston, U.S.A. From this the *Alvord Memorial* was taken, while a further result has been a comprehensive *Pedigree with Notes* by John Watson Alvord, of Chicago, 1897. The connection with Somersetshire was worked out by the Rev. R. Grosvenor Barlett of Corfe Castle; and to these gentlemen and also to the Rev. Frederick Alford of Talcottville, Mr. D.S. Alford of Lawrence, Kansas, and more recently to Mr. Samuel M. Alvord of Hartford, Conn., the compiler gratefully acknowledges his indebtedness.

The families bearing the name of Alford and Alvord, now spreading far and wide through the United States, had at least a two-fold origin. In 1634 one William Alford left London for the New World across the Atlantic, and somewhere about the same date two brothers, Alexander and Benedict Alford, with their sister Joan, "left Somerset for New England."

The Puritan motive for this emigration cannot be passed without notice. "Many Godly people being denied the free exercise of religion according to their own consciences did, under a Charter granted by King Charles ye first remove themselves into the Colony of ye Massachusetts Bay in New England that they might worship God without burthensome Impositions." "So we came", writes one of them "by the hand of God through the deeps having preaching or expounding of the Word every day for ten weeks"—so long was the voyage.

The most notable ships in which they sailed were the *Mary and John* of 400 tons—so small a vessel—and the *Mayflower*. In the former came Richard Vore, John Strong of Taunton, the Rev. E. Hewitt of Wraxall, and Thomas Ford

of Somersetshire; and in the latter Edward Fuller; all of whom afterwards became connected by marriage with the Alfords.

The variation of spelling the name has already been shown to be of little importance, yet it appears as though, generally speaking, the Alfords sprang from Middlesex, and the Alvords—the Somerset pronunciation being at once recognisable in variation—from the western county.

We take first those of Middlesex origin:

William Alford, a member of the Skinners' Company, with his wife Mary Alford, left London in 1634, and, landing safely in America, settled in Salem, Massachusetts. Some mention of this family is made by Savage, but their descendants do not appear to have been very numerous, and no pedigree is available. Three of William Alford's children were baptised at Salem (where his wife "joined the Church" in 1636), viz., Nathaniel in 1637, Samuel in 1639, and Bellia in 1642. "He removed for a season to New Haven, and there had two or more children born before 1654." Returning to Massachusetts he settled in Boston, where he died in 1677, his will being dated the previous year.

Benjamin Alford, whom Savage names as a younger son of the above William Alford, was a merchant of Boston, Mass., and a member of the Artillery Company of 1671. He married Mary, daughter of James Richards Esq. of Hartford, and had several sons and daughters, whose births and baptisms are recorded between 1683 and 1694. Benjamin Alford was "a man of importance in Boston". His will is dated February 19, 1694, the Probate being 13 years later.

The Honourable Colonel **John Alford**, eldest son of the above Benjamin Alford, was baptised at "Third Church", Boston, 5 July 1685. He was a member of the Artillery Company at Charleston in 1714, "was one of the King's Councilors, and distinguished as founder of the Alford Professorship of Theology at Harvard, and for giving large sums to the Society for Propagating the Gospel among the Indians in North America". He married Margaret, daughter of Colonel Thomas Savage, and died "highly respected" in Charleston in 1761, aged 76.

~~~~~  
We turn now to the family of Somersetshire origin, of whose source there can be no doubt, although the particulars are somewhat confused.

The pedigree-table which [follows] these notes, shows a few selected lines of descent from the Alexander and Benedict

Alford, who left home in “the neighbourhood of \*Whitestanton and Chard in county of Somerset for New England”. They were the sons of Thomas Alford, of Whitestanton, and Joane his wife. This Thomas Alford was the son, or the grandson, of the Rev. Alexander Alford, of Whitestanton, and Agnes his wife, who died, he in 1576, and she in the year following, their wills (see Appendix) being proved in the Court of the Archdeaconry of Taunton.

From these Alford of Somerset came the American families here under consideration. The descendants of Benedict Alford are not very numerous, but those of Alexander Alford now number several thousands.

**Alexander Alford**, the elder of the two brothers who with their sister Joan “left Somersetshire for New England”, landed doubtless in Massachusetts Bay, “came up from the Bay”, and settled as “one of the early proprietors of Windsor, Connecticut”, where his “home-lot” is indentified.

In 1646, October 29, he married Mary, daughter of Richard and Ann Vore, who, “born in England, came over with her parents in the *Mary and John*”. By this marriage Alexander Alford had six sons and four daughters, some lines of his descendants being shown in the [following] pedigree-table.

In 1661, selling his land at Windsor, he moved to Northampton, Mass., where he was “for many years a large proprietor, and an original member of the first Church”. The record is extant of “Alexander Alvord’s”—the spelling already changed—“lands, which he hath purchased, and which were granted to him by the town of Northampton, to him and his heirs and assigns to have and hold [sic] forever”.

In 1682 Alexander Alvord, excepting one other proprietor in the Northampton township, “had the largest number of rods for maintaining the common defence”.

He died 3 October 1687. His will follows [spelling as found]:

*“Alexander Alvord of Northampton in the Countie of Hampshire in the Massachusetts Bay in New England, May 23, 1687, weak in strength and well-stricken in years .... I comitt my soul to God yt gave it .... my body to be buried in comely manner, and as for outward estate—whereas my son John Alvord, my daughter Abigail wife to Thomas Roote,*

#### FOOTNOTE

\*Whitstanton (spelt in various ways), Winsham, and Chard,—the latter a pleasant country town lying between the two former villages, the three parishes together forming the extreme southwest corner of the co. of Somerset—were for many generations the homes of Alford, who held positions of respect and local responsibility, and were small landowners.

*Mary Miller deceased, and Elizabeth Birt deceased, having received the full of their portions already, I only give as follows, viz.: twentie shillings. To Thomas Alvord and to his two sons Thomas and John twentie shillings to each of them. To my son Benjamin my old house joining to that which my son Willer lived in, together with that peice of land it standeth upon. To my son Jeremiah thirtie pounds. To my daughter Sarah thirtie pounds. To my son Jonathan twentie pounds. The rest of my estate I give to my son Ebenezer Alvord, viz.: my house, barne, orchard, pasture, meadow land, stock, household stuff, and all my estate whatsoever. My son shall not alienate any part of the lands, but make disposal of the same to the heirs of his body. My son Ebenezer to be sole Executor. My trustie friend Mr. Hawley to see this my Will accomplished, and to take special care of my unmarried children, to advise them in matching, and to have the oversight of them while they remayne in a single condition.” Northampton, U.S.A., Reg. of Probate, I, 265.*

~~~~~  
Benedict Alford, the younger of the two brothers who with their sister Joan “left Somersetshire for New England”, is mentioned in 1637 as “of Windsor, Connecticut”.

In that year an offensive war against the Pequots was declared, that tribe of American Indians proving troublesome to the settlers, and Benedict Alvord was one of a company of thirty from the Windsor “plantations”. A decisive battle was fought on May 26, 1637, and the little army—from Windsor, Hartford, and Wethersfield—returned victorious. The names of those who fought are recorded: “Captain Mason, the very foremost of them all, and brave Sergeant Alvord,” etc.

He then returned to England, doubtless for “his espoused Joan Nurton or Newton, who was of the parish of Broadway” about four miles from Whitstanon. While at home a purchase of cattle was made, and Benedict Alford’s signature also appears as a witness on a Deed executed in 1639 by Nicholas Nurton.

Crossing the Atlantic once more Benedict Alvord married Joan Nurton, 26 November 1640, at Windsor, Conn., where he had a grant of land, and where their five children were born. There, too, he died 23 April 1683.

Their son **Benjamin Alford** was born 11 July 1647, and followed his father’s early warlike propensities. An old tablet in the burial ground at New London bears the following inscription:

“Interred under this stone | is the body of
 Colonel Benjamin Alvord, | who departed this life
 August ye 12th. Ano. Dom. 1709,
 in ye 63rd yeare of his age.”

Their son **Jeremiah Alvord**, born 24 December 1651, married and continued the family as is shown in the pedigree table, the family names of Benedict and Alexander being carried down to the fifth generation.

~~~~~  
**Joseph Alvord**—we note the Puritan use of scriptural names—born at Northampton, Mass., in March 1697, was the second son of Ebenezer Alvord and Ruth his first wife, and grandson of the foregoing Alexander Alford. He settled at Hampton, on a property he bought in 1730, carrying on business as a weaver, and employing a large number of hands. “He tore down the old house, and erected a large substantial mansion instead of it.” “Mr. Alvord owned other estates.” He married, 30 June 1730, Clemence Wright, by whom he had seven children. He died 1 January 1786, and was buried in the Northampton ancient burial ground.

Their son **Medad Alvord** was born 6 January 1738, and lived in Bridge Street, Northampton. He was twice married, but appears to have left only two daughters. He died in 1798, and was buried in the Northampton burial Ground.

“In memory of | Mr. Medad Alvord,  
 who died 15th May, 1798, | in the 61st year of age.  
 A man of common sense, strong mind,  
 and good judgement, and a philanthropist.”

The other sons of Joseph and Clemence Alvord left between them ten sons and five daughters.

~~~~~  
 We now follow out the three lines of descent shown in the pedigree, Table XII, under Notes A, B, and C.

Note A.—Starting from Alexander Alford of Windsor, Conn., who in 1646 married Mary Vore, we take the line of his eldest surviving son, Thomas Alvord of Northampton, Mass., born 1653, who married in 1681 Joanna Taylor. Their eldest surviving son, Thomas Alvord, born 1683, and afterwards of Middletown, Conn., married (secondly) Mary Strong, whose fourth son Seth Alvord, born 1714, of Chatham, Conn., married Elizabeth Spencer. Reuel Alvord, also afterwards of Chatham, born 1750, was the son of Seth and Elizabeth, and married in 1774 Hannah Hall, whose second son James Hall Alvord, born 1781, married Lucy Cook, and was for forty years a Deacon in Winsted, Conn. The Rev. John Watson Alvord, born 1807, was their eldest son, and married in 1845 Myrtilla M. Peck, whose son John Watson Alvord of Chicago, Civil Engineer, born 1861, was the compiler of *Pedigree with Notes* published in 1897.

Note B.—Commencing again with Alexander Alford of Windsor, Conn., who married Mary Vore in 1646, through

their eldest surviving son, Thomas Alvord of Northampton, Mass., born 1653, who married Joanna Taylor, we now follow the line of his third son John Alvord, Assessor, of South Hadley, who was born 1685, and married in 1708 Dorcas Lyman. Saul Alvord, third son of the above John and Dorcas, was born in 1717, settled at Northampton, and married Martha Churchill. Their eldest son, another Saul Alvord, was born in 1753, lived at Bolton, Conn., and married in 1778 Eleanor Kellogg. Martin Alvord of Bolton, born 1788, was their son, and married, first Sophia Shepherd, and secondly Martha Burleigh Clark. The Rev. Frederick Alvord of Talcottville, Tolland Co., Conn., born 1828, married Susan Gridly Ely, and died in 1903, was a son of the above Martin, as was also Elijah Anson Alvord of Bolton, Conn., born 1825, who married Cynthia Ann Warner, whose son Samuel Morgan Alvord, born 1869, of Hartford, Conn., B.A. of Yale, is now a professor in the Hartford Public High School.

Note C.—Starting once more with Alexander Alford of Windsor, Conn., who married Mary Vore in 1646, through their son Thomas Alvord who married Joanna Taylor in 1681, and their grandson John Alvord of South Hadley, who married Dorcas Lyman, we take the line of Elijah Alvord of Hadley, the fourth son of John and Dorcas, born in 1719, “a prominent man in the town and Church,” who married Hannah Judd. Caleb Alvord, his only son, of Greenfield, Mass., was born in 1751, and married Mary Murdock, leaving many descendants. His eldest son Elijah Alvord, born 1777, “an eminent lawyer” of Greenfield, Mass., married in 1805 Sabra Wells, whose son Daniel Wells Alvord, born 1816, became a member of the State Senate. Daniel Wells Alvord married (secondly) Caroline, daughter of Judge Dewey, whose son Charles Dewey Alvord was born in 1860, another son, Major Henry E. Alvord, “Soldier, Farmer, Statesman,” dying in 1904.

In the Public Library at Northampton, Massachusetts, there is a bronze Memorial Tablet recording the names of those who from that town served in the various wars of their country. The following are included:

“King Philip’s War, 1676, Thomas Alvord.”
 “French and Indian War, 1722, Benjamin Alvord.”
 “French and Indian War, 1754 to 1763, Benjamin Alvord,
 Stephen Alvord, Thomas Alvord.”
 “Revolutionary War, 1775 to 1783, Eliab Alvord, Elisha
 Alvord, John Alvord, Samuel Alvord.”

During the American and Spanish War in the Philippine Islands, the following are recorded:

“Manila, February 1899, Lieutenant Alford, Company I of the Kansas Regiment, killed.”

Galvanized Alford Yankees

By Lynn D. Shelley, #484

This information was obtained from *COMPILED SERVICE RECORDS OF FORMER CONFEDERATES WHO SERVED IN THE 1ST THROUGH 6TH U.S. VOLUNTEER INFANTRY REGIMENTS, 1864-1866*. Microfilm Roll M1017.

Four Alford's began serving in in the Civil War on the Confederate side but finished the war as Union soldiers. Prisoners of war in Yankee prisons toward the end of the Civil War, they were offered release from prison if they would enlist in the Union Army, thus becoming what has been called "galvanized Yankees."

This recruitment began between January and April of 1864, and the first group was called the 1st U.S. Volunteer Infantry. Before all was done, five additional regiments were raised between September 1864, and May 1865. They came from prisoners incarcerated in Illinois (Rock Island, Alton, Camp Douglas, and Camp Morton), Ohio (Columbus), and Maryland (Point Lookout).

General Grant and others in authority did not allow these ex-Confederates to be assigned to areas in which they might face their former comrades. Instead, these units were ordered to the Northwestern Frontier to act against Plains Indian uprisings beginning in August 1864. All six regiments served in the West, protecting settlers from Indians, restoring stage and mail service, guarding survey parties for the Union Pacific Railroad, escorting supply trains, and rebuilding telegraph lines. They served in these capacities until they were all mustered out of service by November 1866.

Photos from 1995 Meeting in Decatur, AL

Some AAFA Officers, Directors, and Members Who Made It Happen

LEFT—Elizabeth Hawes Hazlip, #358, MS, and the late Julius M. Alford, #013, MS, at the display table showing some of the Alford items for sale. Included were all kinds of items with the Alford emblem. Julius is holding the book he wrote (with Gil's help) on Julius Caesar Alford's family.

RIGHT—Lodwick Alford #011, GA, speaking after the Saturday night dinner. Wick is AAFA's Chairman of the Board and President Emeritus. At the meeting, he retired from the Board of Directors, joined by Julius, Gil, D.L., and James P. Alford (who wasn't in attendance).

LEFT—In the sales room: Frankie Seaborn Alford Penny, #704, LA; Betty A. Wall, #779, MS; Sally Stoewer, #120, LA; and her sister Jeanne Singleton, #249, LA—wearing one of our t-shirts. A big thanks to Sally for managing the entire sales operation, and to everyone who helped her in the sales room. Frankie, Sally, and Jeanne are descendants of John Seaborn Alford, 1807 LA, as was Betty's late first husband, Harlon Alford. Amazingly, Frankie is John Seaborn's granddaughter!

BELOW—Paul W. Alford, new Board member, and his wife Jean, #455. Paul and Jean, who live in Decatur, did a lot of behind-the-scenes work to give the meeting some especially memorable touches.

ABOVE—Gilbert K. Alford #019, MO, and Elizabeth Hazlip, #358, MS. Elizabeth is AAFA's Publicist—as usual, she licked a lot of stamps and addressed a lot of letters to get the word out about our annual meeting. Gil, also as usual, made us glad he's on our team!

BELOW—Max Alford, AAFA Secretary, and his wife Earline, #230, TX; and Doris Alford Vetri, AAFA Treasurer, and her husband Sebastian, #303, NJ. Max maintains the membership records and does the actual mailing of AAFA ACTION. Doris keeps track of the money!

ABOVE—Pamela Alford Thompson, #030, CA, is the editor of AAFA ACTION—and had a great time at the meeting. She won the award for having come the farthest, and although she didn't do anything to make the meeting happen, she makes sure the quarterly goes to press every few months!

RIGHT—Benjamin Alford, AAFA President, with his wife Ruth, #447, PA; and son Benjamin Alford, III, #448, TN. Ben presided over the meeting, making everyone feel welcome and happy to be an Alford!

RIGHT—Mary Alford, wife of Gil Alford, with cross-stitched Alford Emblem that was a joint project shared by Mary and AAFA Treasurer Doris Vetri—Mary completed about 50% of it and Doris finished it. If you want to cross-stitch one of these beautiful pieces of needlework yourself, you can order the pattern for \$15 from Earline Alford, AAFA Secretary Max Alford's wife. Frances Alford, #85, operates Alford Framing in Atlanta and did a beautiful job of framing the cross-stitch.

AAFA would like to say thank you to Mary for freeing Gil to, as he says, "wallow in 'dead Alford's' for more hours per day than most spouses would tolerate. Mary takes care of just about everything—family finances, banking, shopping, running my errands, etc." Many spouses give up a lot of their mate for AAFA, and we thank them all!

LEFT—Vincent "Mike" and Betty Heazel, #664, MD, and their son Chuck—descendants of John Alford, 1795 VA.

RIGHT—Leaette A. Braswell, #774; Elizabeth A. McLane, #076; Julia A. Duke, #528; Myrtice A. Edwards, #773; Celeste Edwards Furr and Richard Furr, #775. All are from Georgia, and all except Richard are descendants of John Alford, 1815 GA.

BELOW: JoLynn Alford Long, #718, TX, descendant of Elbert Alford, 1897 MS. JoLynn is wearing one of those great AAFA sweatshirts!

ABOVE: Janice and Michael Bruce Wilson, #777 and sons Douglas Nathaniel and Michael Terry Wilson. On the right, Wanda and Robin Sterling, #320; and Robin's mother Evelyn Alford Sterling, #511. In front, Myrtie Alford Hunter, #519. All are from AL, and all except Janice and Wanda are descendants of Zacdock Alford, 1787 GA. Robin has been very successfully searching the Internet for Alford information, and all AAFA members are the beneficiaries. AAFA ACTION will be continuing publication of the data he's found for a long time—there's already a lot, and we know there's more!

LEFT: Gerald and Joan Hallford Hidle, #655, AL, and Johnnie Ruth and Harvey Henderson, #766, TX. Joan is a descendant of John Hallford, 1797 SC, and Johnnie is a descendant of Owen Halford.

RIGHT—The family of Timothy W. Alford, #476, AL—Neda (daughter), Eunice Alford (mother), Ruha (daughter), Timothy W. Alford, and Ginous “Gigi” (daughter)—descendants of James Clay Alford, 1846 GA.

LEFT—Cathy Alford Rusher, #501, KY, and cousin Jimmie R. Alford, #500, IL—descendants of William Alford, 1804 VA. Jimmie proposed that we have our 1998 meeting in Kentucky, and the attendees agreed!

RIGHT—Descendants of Baldy Alford, 1784 GA (a son of Isham): Terry F. Alford, #793, AL, Janice Smith #152, TX, and Paul W. Alford, #455, AL. Janice is one of AAFA’s newly elected board members. In addition, this busy member and her husband John were the official meeting photographers, responsible for all the photos in this issue—and more to come!

LEFT—Descendants of Bynum Alford, 1787 GA (a son of Isham): Ann Lavinia Alford, #386, MS, W. Dean Steward, #387, GA, with his wife Martha and nephew Harris Steward, AL.

Descendants of Isham Alford, 1749 NC

Other descendants at the meeting: V.P. Lynn Shelley, and the descendants of Baldy Alford on the previous page.

ABOVE—Ruth Hulseley, #776, GA, a descendant of Brittain Alford, 1781 NC (a son of Isham).

ABOVE—Descendants of Brittain Alford, 1781 NC (a son of Isham): M. Theo Wesley, #098, MS, Iris Elizabeth Alford, #729, GA, and Cecil Alford, #751, GA. Cecil is spearheading a major reserach effort in Georgia libraries—thanks to him and the Georgia members who are working on this project.

LEFT—Jack Kinabrew, #087, LA, Herbert and Melba Powell Wise, #601, LA, and Evelyn Z. Mistich, #481, LA. All except Herbert are descendants of Seaborn John Alford, 1807 LA. Jack is in charge of the AAFA Photo Archives; he displayed many photos at the meeting and conducted the photo contest. Evelyn is the AAFA Associate for Cemetery Data and is busy entering data into a database.

RIGHT—Jane W. Alford, #550, TN, and daughter Jane Alford McBride, #792, descendants of John Alford, 1790 VA.

LEFT—Robert L. Culver, Jr., #780, AL, Marian Hodges, #350, AR, and Don Alford, #059, NV—all are descendants of David Alford, 1785 VA. Marian is one of AAFA's newly elected board members.

*RIGHT—James P.
“Posey” Alford, #021,
TX, a descendant of
Isaac Alford, 1778 NC
(tentative), and his
wife Mary; and
Catherine and D.L.
Alford, #054, TX, a
descendant of Halcut
Alford, 1788 GA.*

*ABOVE—Josephine A. Carrigan, #235, CA; her sister
Vesta Alford Giddings, #233, TX, Seanne Carrigan,
#335, CA, Vesta G. Bowden, #537, TX, and Mary and
Murray Alford, #236, LA. All in this group except Mary
descend from Murray Luther Alford, 1873 LA, who was
the grandson of John Seaborn Alford, 1807 LA. This
family has been very well represented at the meetings,
and the California contingent is very excited about
having the meeting in their home state in 1997. Vesta
was recognized as being the most senior person present
when the meeting officially began on Saturday morning!*

*RIGHT—David and Juanita Stevens, #621, GA; Juanita is a
descendant of James Alford, 1764 NC. Other descendants
of James in attendance : Elizabeth Hawes Hazlip, #358,
and the late Julius “Pooley” Alford, #13, both from MS.*
