

## ***"Alford" Deaths in Louisiana***

Below is a list of the death records from the AAFA master data base. Only those records for which there is proof of the death in Louisiana are included. For example the fact that a person is buried in a Louisiana cemetery is not proof the person died in Louisiana. A family group record submitted by a member reporting a Louisiana death is not proof without documentation. The intent was to provide data on persons born "Alford" but in some cases data may be included for persons whose married name was Alford.

The proof of death in these records came primarily from three sources:

1. The Social Security Administration, Social Security Death Index (SSDI)
2. Louisiana Statewide Death Index from ancestry.com
3. Published obituaries, many of which are published elsewhere in this issue.

Useful information can usually be found in the original application for social security. A copy of that application may be obtained by writing to the Social Security Administration.

Social Security Administration:  
Office of Earnings Operations  
FOIA Workgroup  
300 N. Greene Street  
P. O. Box 33022  
Baltimore, MD 21290

To obtain the information it is suggested you reference "The Freedom of Information Act," 5 U.S.C. Section 552. Request a copy of SS-5, Application for Social Security and include:

Name of the deceased  
Social Security Number (SSN)  
Date of birth  
Date of death

The cost, at the time of this writing, is \$27 so include a check in that amount payable to the Social Security Administration.

Louisiana death certificates are identified in the list below in one of two ways:

- (1) DC# followed by the volume and certificate number, or
- (2) LDI (Louisiana Death Index) followed by the volume and certificate number.

To obtain a copy of a Louisiana certificate for a death prior to 1951 write to:

Louisiana State Archives  
3851 Essen Lane  
Box 94125  
Baton Rouge, LA 70804

The charge is \$5 for a certified copy. A non-certified copy can be obtained for 50 cents if you visit the Archives and do your own research. There is a form you can download for obtaining vital records at the LA Archives website. The form can be obtained at <http://www.sec.state.la.us/archives/archives-library.htm>. Go to the section on vital records and select the link for the mail-in application.

For copies of referenced obituaries, not included in this issue, write to AAFA, POB 1586, Florissant MO 63031 or send an email to [aafa@alfordassociation.org](mailto:aafa@alfordassociation.org) and give the full name of the Alford and the obituary reference.

| NAME                               | DEATH DATE    | DEATH PARISH     | AGE | SSN         | SOURCE          |
