

# Missouri Book List Update

*Compiled by Lynn Shelley, AAFA #0484, Member AAFA Hall of Fame*

*The Booklist is a compilation of references to Alford's and spelling variations found in books. Not every library has every book that contains information about Alford's. If we all work together to extract Alford data from books located across the country and centralize this information, more data is available to more Alford researchers.*

*Entries are organized by state and county. Each entry lists the book name and publication data followed by the name in bold print of every Alford listed on the pages that AAFA has. The page number where the name is found is listed next followed by a brief description (and sometimes the complete listing) of what information about the person is contained on the page.*

*Copies of any pages listed on the Booklist are available to AAFA members. Submit your request to:*

*AAFA Librarian,  
1921 E. Nottingham Lane  
Springfield, MO 65804-7733*

*The complete Master Booklist, minus the most recent entries, is available on the Publications page of AAFA's Web site: <http://www.alfordassociation.org>.*

*If you would like to contribute to the Booklist, photocopied pages from books may be sent to AAFA at the above address. Don't forget the title page, pertinent introductions and other interpretive material, index pages showing Alford's and variations, and any other pages you think will help understand the contents. Be sure to check for the spelling variations of ALFRED, ALLFORD, ALVORD, HALFORD, HALLFORD, OLFORD, etc.*

*Census indexes and cemetery lists are generally not included on the list. These will be handled by their respective AAFA committees. You may send copies from such books and we will pass them on to the committees.*
