

**Known Descendants of
William Alford
ca 1780 VA - ca 1835 TN**

Much, if not most, of this work was done by the late Captain Jare M. Pearigen, AAFA #0259 who is register #253 in this genealogy. William's birth date and place really are not known. 1780 might be closer than 1786. Virginia is probable. This continues as a work in progress and it is not complete and with some error. Please use it accordingly. The fifth - seventh generations were removed in an effort to protect the privacy of the living.
