I was unsuccessful in trying to get their obituaries online. The Houston Chronicle lists a death notice for Jerry Woodard Black Sr. on 13 Jan 1998 but says to find the full text in their microfilm. I couldn't find Katherine Black listed at all in the Dallas Morning News, but if it had been there, I could have gotten the text online.

Hi,

I've been trying to finalize a genealogy that will be published in the next quarterly. Much of the data for it came from AAFA #0134 Jerry & Katherine Black. Jerry was the "Alford" but Katherine was the genealogist. She was present at the 1989 meeting in Houston and I think at the 1990 meeting in NC.

Checking the SSDI I see that Jerry W. Alford b. Jan 14, 1919 died Jan 11, 1998 in Houston, 427-050-6649. I also find that Katherine S. Black b. Mar 10, 1925 died Mar 27 2005 with last residence in Dallas. 465-24-1490. The names and birthdates match exactly with their AAFA application.
