Dear Mrs. Myers:

All of us at the Pike County Historical Society (PCAHS) would like to express to you our condolence in the loss of your husband and our friend, Morris. It was such a shock to all of us and we already miss him and his work very much.

At our 20th anniversary celebration, Dorothy shared the beautiful peace lily that you so thoughtfully gave to her, the one from Morris' aunt. Our table was made beautiful!

We appreciate everything that you and Morris have done for PCAHS: the computer and monitor, his being editor of the Gems, webmaster of our website and his personal, and other things too numerous to mention.

Mrs. Myers, we are also appreciative of your support of Morris in his work for PCAHS. We would like to express our thanks to you for sharing the many cases of genealogy files that you entrusted with Dorothy. She is in the process of making a copy for our files which will be a wonderful addition to our research materials. I understand that after she is finished with the copying, they will be taken to the History Commission per request.

May God bless you and give you strength in the days, weeks and months to come.

Respectfully,

Peggy Loomis

P.S. At Dorothy's request, I have destroyed your address.

I am not gone, I am near
In the rustle of the trees
the gentle caress of the summer breeze
the coo of the dove
the scream of the eagle as he soars through the air
I am not gone,
I am near

this is for Morris
