

ALFORD FAMILY BULLETIN

No. 6

December 1976

Unavoidable circumstances have delayed this issue - holidays, postal backlog, etc.

We expect to do better in the future, adding new features, plus more from the 1880 soundex for those States we have not previously covered.

Our individual given/first name ALFORD file is growing and we will possibly be able to use some extracts from this voluminous source soon.

It is hoped we can soon announce publication of supplements to the ALFORD FAMILY BULLETIN at a reasonable figure.

You can help us very much if when you receive the Bulletin, you will drop us a line so we may have a positive check on the delivery.

We are now mailing in manila envelopes so that there should be no question about non-delivery. Missing issues will be replaced if we are notified.

Subscriptions for 1977 will be \$5.00 since the envelope will increase our cost.
